### Talk Like a Professor

Women are attracted to "verbal fluency"—a big vocabulary, long, complex sentence structures, and smooth delivery. All of these speech characteristics signal to her that you're smart, educated, and probably capable of earning lots of dough, explains Benjamin P. Lange, Ph.D., of Germany's University of Gottingen. As much as you're able, Lange recommends using big words and—more than anything else—speaking confidently and without long pauses.
